UCD Library Services for Researchers:
An Overview

SHOWCASING YOUR RESEARCH: RESEARCH REPOSITORY UCD

Increase the impact of your research: upload to Research Repository UCD, ensuring accessibility to your research via Google and Google Scholar.
Showcase your own research and also the research of your School or Research Centre.
Use the Repository to build research and industry connections.
Library services include:
- Copyright checking
- Provision of download statistics for papers, individual Schools or Research Centres
- Management of bulk uploads

TRACKING & INCREASING YOUR RESEARCH IMPACT: USING BIBLIOMETRICS & SOCIAL MEDIA

UCD Library offers support for individual researchers, Schools and Institutes to find:
- Number of citations
- Field-Weighted Citation Impact
- H-Index
- Journal metrics (e.g. Journal Impact Factor)
- Collaboration information
- Benchmarking against peer institutions
- Altmetrics
Assistance is also provided for:
- Use of social media and networks
- Implementing a unique ORCID identifier

MANAGING YOUR RESEARCH DATA

Planning for your data management needs will help save you time and resources.
A data management plan may be required by a funding organisation as part of a grant submission. We can assist in the drawing up and review of such plans.

**UCD DIGITAL LIBRARY**

The UCD Digital Library is a free online resource where you can search for artefacts, documents, drawings, letters, manuscripts, maps, music, paintings, pamphlets, photographs, postcards, posters, recordings, sculptures and more. These have been gathered from collections and archives held by UCD as well as external organisations.

If you have digital cultural-heritage resources which need archiving, UCD Digital Library’s sustainable technical structure could provide the solution to your requirements.

To discuss your project contact UCD Library at pre-award stage.

**GIS AND MAP SERVICES**

Geographic Information Systems (GIS) allow you to display data which includes geographic or location information on a map.

UCD Library’s GIS Guide includes information on:
- Finding datasets to use in GIS
- Instructions on using ArcGIS
- Access to MapGenie
- GIS courses and case studies

The UCD Library map service operates from Richview Library.

Collections include:
- current Ordnance Survey Ireland maps at 1:1000, 1:2500 and 1:5000 scales
- historical, administrative, soil, topographical and street maps
- Discovery series mapping data in digital vector format

**SYSTEMATIC REVIEWS**

Systematic Reviews require an in-depth appraisal of all the published literature on a chosen research topic.

UCD Library can help you to formulate and execute an effective search strategy to identify high quality research evidence on your topic.

**MANAGING YOUR REFERENCES**

UCD Library provides support and training in the use of EndNote X7 and EndNote Online.

This software can be used to collect, store and manage the references you locate during your research. EndNote also integrates with Microsoft Word to insert citations and create bibliographies in the required format for your publications.

**IRISH SOCIAL SCIENCE DATA ARCHIVE**

The Irish Social Science Data Archive (ISSDA) is Ireland’s leading centre for quantitative data acquisition and dissemination.

Based at UCD Library, its mission is to ensure wide access to quantitative datasets in the social sciences, and to advance the promotion of international comparative studies of the Irish economy and Irish society.

Key datasets include:
- Growing Up in Ireland
- Survey on Lifestyle and Attitudes to Nutrition
- The Irish Longitudinal Study on Ageing
- The Household Budget Survey
